SUBJECT: Station List (U)

Commanders of USAREUR Major Commands and Assigned Units (to Division Level)
Heads of Staff Offices, This Headquarters

This letter expires 1 year from date of publication.

1. This station list (clas), as of 1 June 1976, is in five sections as listed.

   a. Section I–USAREUR Active Army units in unit name sequence.

   b. Section II–REFORGER units in unit name sequence.

   c. Section III–DA units in unit name sequence.

   d. Section IV–labor service and civilian labor groups in unit name sequence.

   e. Section V–USAREUR Active Army and labor service units in unit identification code (UIC) sequence.

   f. Section VI– USAREUR Active Army, REFORGER, and labor service units in hierarchy sequence.

2. Requests for corrections to the unit name, UIC, or station should be forwarded to the Commander in Chief, USAREUR (AEAGC-CCO). Location and Army post office (APO) are extracted from the FORSTAT and morning reports respectively.

3. This document is releasable into NATO channels. This information is furnished with the understanding that it will not be disclosed to any non-NATO nation without the consent of the United States; that it will not be used for other than military purposes; and that the information will be accorded substantially the same degree of security protection as such information has in the United States. This information will be used only on a need-to-know basis under applicable NATO regulations as a NATO CONFIDENTIAL paper and will not be further disclosed without approval of this headquarters.

4. This letter is UNCLASSIFIED.

NOTE: The hierarchy code is provided in the station list to assist the user in determining the major unit to which an organization is assigned/OPCON. Because the number of organization levels varies in USAREUR commands, the code is not designed to associate a level of command (e.g., company, battalion, brigade) with a specific position within the code.

This breakout of hierarchy codes is UNCLASSIFIED
